

ILed 3

UV LED PRINTER

ILED 3

 STAMPANTE UV LED MEDIO FORMATO

MEDIUM FORMAT UV LED FLATBED PRINTER 

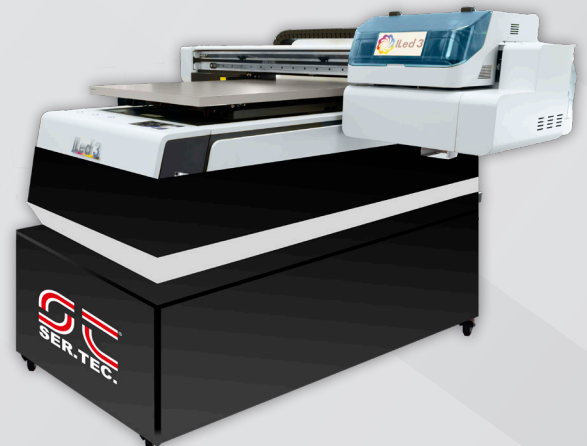

La stampante ILed 3 è dotata di tre teste di stampa separate per la stampa di CMYK bianco e gloss con un'elevata qualità e colori brillanti. L'area di stampa massima di 600x900mm permette la stampa di svariati tipi di oggetti fino ad uno spessore massimo di 180mm.

Il software RIP professionale WhiteRIP permette di gestire in modo semplice e veloce le stampe e creare speciali effetti gloss.

The ILed 3 printer is equipped with three separate print heads for printing CMYK white and gloss with high quality and brilliant colors. The maximum printing area of 600x900mm allows the printing of various types of objects up to a maximum thickness of 180mm.

The WhiteRIP professional RIP software allows you to quickly and easily manage prints and create special gloss effects.
